Dear Principal/HoI

Greetings of the new year! Please note the following information on Smart India Hackathon the biggest innovation model.

1. What is SIH? Smart India Hackathon 2020 is a nationwide initiative to provide students a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem-solving. The last edition of the hackathon saw over 5 million+ students from various colleges compete for the top prize at 65+ locations. In SIH 2020, the students would have the opportunity to work on challenges faced within various Ministries, Departments, Industries, PSUs and NGOs to create world-class solutions for some of the top organizations including industries in the world, thus helping the Private sector hire the best minds from across the nation. The first three editions SIH2017, SIH2018 and SIH2019 proved to be extremely successful in promoting innovation, out-of-the-box thinking in young minds, especially engineering students from across India.

2. What is SIH 2020? SIH2020 is introducing you to a culture of in-campus hackathon resonating with the existing model of SIH. Teams who will be qualified from the in-campus hackathon will only be allowed to participate in the grand finale (Max 5 teams for software and 2 teams for hardware). Please visit <https://www.sih.gov.in/about> for more information on this. You may also visit our social media sites and watch recent facebook live sessions of our experts <https://www.facebook.com/i4c.India/> for more details on SIH. To follow us on Instagram visit https://www.instagram.com/sih_2020/. Please note internal hackathon is mandatory for all institutes and the data on selected teams to be entered in the portal by 25th Jan 2020.

3. Idea Submission Process: For understanding the idea submission process please click on link <https://www.sih.gov.in/pdf/IdeasubmissionprocessSIH2020.pdf>
